

**AIRPHX announces it has been named an Official Supplier to U.S. Ski & Snowboard**

**AIRPHX**

**McLEAN, VIRGINIA/PARK CITY, UTAH** (January 25, 2022) – AIRPHX, a leader in air purification technology, today announced that it is now an official supplier to U.S. Ski & Snowboard.

AIRPHX has provided air purification and complete indoor disinfection technology to U.S. Ski & Snowboard’s USANA Center of Excellence in Park City since 2020, reducing infection risk throughout the sports medicine, administrative and weight/training facilities within the team’s headquarters. AIRPHX air purification technology will also travel with the team to reduce airborne and other infection risks for athletes on Team USA that are competing in Beijing.

“We are very excited to kick off our relationship with AIRPHX during an important season,” said U.S. Ski & Snowboard Chief Revenue Officer Michael O’Conor. “Given their validated track record in reducing infection risks in professional and intercollegiate athletic facilities and the USANA Center of Excellence itself, we are proud to call them an official air purification supplier.”

“We are honored to be an Official Supplier to U.S. Ski & Snowboard as our Team USA athletes travel to and participate in the most exciting and important competitions of their lives,” said AIRPHX President William Pommerening. “We are proud to reduce the risk to our athletes as they travel overseas in this time of heightened infection risk.”

#### **About AIRPHX:**

AIRPHX provides patented air purification technology that continuously eliminates airborne and surface pathogens. Founded in 2015 and headquartered in McLean, Virginia, AIRPHX has expanded rapidly into intercollegiate sports, counting almost 20% of the Power Five conference athletic programs as customers, professional sports, health care facilities and other industries. The company’s technology has been validated in [active athlete, staff, patient and customer environments](#) including the USANA Center of Excellence. The company has also received independent clinical data demonstrating reduced infections in health care facilities including reductions in central line infections, antibiotic resistant bacterial and viral infections and toxic mold infections. AIRPHX products are protected by issued and pending patents and trade-secrets. AIRPHX products are proudly Made in America and are unique in the market. #### **About U.S. Ski & Snowboard**

U.S. Ski & Snowboard is the Olympic National Governing Body (NGB) of ski and snowboard sports in the USA, based in Park City, Utah. Tracing its roots directly back to 1905, the organization represents nearly 200 elite skiers and snowboarders in 2022, competing in seven teams; alpine, cross country, freeski, freestyle, snowboard, nordic combined and ski jumping. In addition to the elite teams, U.S. Ski & Snowboard also provides leadership and direction for tens of thousands of young skiers and snowboarders across the USA, encouraging and supporting them in achieving excellence. By empowering national teams, clubs, coaches, parents, officials, volunteers and fans, U.S. Ski & Snowboard is committed to the progression of its sports, athlete success and the value of team.
